Dear Mr. Simmons:

Re: Keystone Sanitation  
File 70-773

Mr. Noel, Keystone Sanitation Company, has been contacted by Penn State Aluminum Company, Wellsville, relative to accepting their sludge wastes in his landfill.

We would like to dump it with the general refuse, mix them together, then cover the mixture.

I enclose a chemical analysis of the sludge and await your advice.

Very truly yours,

NASSAUX - HEMSLEY, INCORPORATED
